

Hello Everyone!

This note is an invitation to the VAA members to exhibit their work in the Newport House of Pizza.

As the new owner, I feel it would be a great opportunity for all of you and the community at large to share your work and enjoy additional exposure of your art.

Here are the guidelines:

At this time it will be wall art only. Original/print – professionally presented.

There are approximately 12 available spaces for hanging – and sizes may vary from 6" x 9" to 24" x 36".

*All art must be framed with wire on back, ready to hang.*

I recommend glass/Plexiglas to protect your art work.

Each artist will be responsible for delivering their art to be hung and then picking up artwork once exhibit is over for the given time period. Dates and times will be set with each exhibit.

I would like to set the theme for these pieces to coincide with the seasons. So the first exhibit would have a winter theme and show from December thru February. Next would be a spring exhibit from March thru May, summer from June to August, and autumn from September thru November. Obviously we will be starting the first show late and so the initial exhibit will be short.

FYI: There is no insurance from the VAA or the House of Pizza to protect your artwork.

Each artist will be responsible for their own insurance if they think it necessary.

There will be no commission paid to the House of Pizza; however the artist is responsible for turning in the 10% commission to the VAA.

Please have a card placed in the lower right corner of your piece with the name of the piece, medium of the piece and the artist name and contact information. All sales will be handled by the artist. Each artist is responsible for collecting and paying any tax.

Please contact Lori with any questions or to arrange to be in the exhibits.

Thank you and Happy New Year!
